

Ref: 30 - Facebook protocol

- Any member of HWPC can write an article, story or news in brief item for the Facebook page or request something specific be posted.
- All items should in the first instance come through Andy Martin as the initial point of contact. He will ensure that the chairman is apprised of all content we propose to publish.
- The content should be non controversial as far as possible and largely report on the work of HWPC and offer information on community events and matters we want to promote.
- We have already agreed the FB page is not the place to be responding to issues. This should be done through emails, our website, by phone and in person, when this is permissible.
- Any matter relating to BCP Council matters should be run by our two BCP councillors (one or other of them) for accuracy.
- All content including images, agreed for publication will be forwarded to Andy Clayton by the Clerk or Andy Martin 25/2/2021
